Jonathan Levy and **Matthew Policastro** will present a webinar titled, "Aggregate Deductible Recoveries" on July 17, 2019. This webinar will identify an often overlooked recovery avenue involving aggregate deductibles. It will include a primer on subrogation and provide descriptions of how to maximize aggregate deductible recoveries from a retrospective standpoint. The course will highlight types of policies with aggregate deductibles, an overview of what to look for in a subrogation context, and describe the procedural steps to maximize strong claims that would otherwise have been shut down.
