

Common Water Losses & How to Explore Subrogation: An Overview of Piping, Fitting, Supply Line & Filter Failures

Location

Webinar

Date & Time

Start Date: 03/10/2022

Start Time: 3:00 p.m. EST

End Time: 4:00 p.m. EST

Joe Rich will present a webinar for the Property & Liability Resource Bureau, discussing fact scenarios and water losses that give rise to potential subrogation claims. The presentation will also identify different investigation issues and tools to develop potential subrogation opportunities. Common plumbing components and products that result in water loss claims will be identified and described.
