

PFAS Sampling 101; Phytoremediation at HC-Impacted Site

Location

Hyatt Regency, San Francisco Airport
1333 Bayshore Highway
Burlingame, CA 94010

Pete Fontaine discusses evidentiary issues arising from the special challenges of sampling and analysis of PFAS compounds at the 22nd Annual California Certified Unified Program Agencies (CUPAs) Forum. Pete's presentation will focus on some of the practical challenges of PFAS sampling and analysis protocols that could impact on the reliability of data used in enforcement and cost-recovery proceedings. The conference provides training in subjects related to enhancing the Unified Program implementation and improving consistency and coordination between the CUPAs and participating agencies throughout California.
