Experience

Secured summary judgment for Marriott International, Inc. in a case centering on the plaintiff's allegation that he was severely injured when visiting a hotel in Saudi Arabia that he claimed Marriott owned and operated. The trial court granted summary judgment on the basis that Marriott had no actionable connection to the hotel at the time of the incident and therefore owed no duty to the plaintiff. A three-judge panel of the Superior Court of New Jersey, Appellate Division, affirmed in a unanimous decision, issuing an opinion adopting Marriott's arguments wholesale.

Secured a \$3 million jury verdict, which was upheld on a motion to amend the judgment, on behalf of a company that stores and handles petroleum products in a lawsuit it filed against a company that mishandled a hydrostatic pressure test on a major pipeline, resulting in a significant oil spill. The spill was investigated by the U.S. Coast Guard and the California Department of Fish and Wildlife, and the defendant disclaimed all responsibility and called investigators to testify against the client at trial. During the four-day trial, the Cozen O'Connor team examined 25 witnesses, including experts, under court-imposed time restrictions, and the jury returned a unanimous verdict in the client's favor.

The plaintiff sought damages of seven figures for pain and suffering, lost wages, and loss of future earnings in the wake of multiple knee injuries alleged to have been caused by the client's foreman on the job site. Social media revealed inconsistencies in the plaintiff's case, both as to liability and damages, and the jury deliberated for only 30 minutes before returning a unanimous defense verdict.
