

Environmental & Toxic Tort - Contamination Examination: Groundwater and Soil Contamination Claims

Location

Washington, D.C.

Date & Time

Start Date: 11/03/2022

Start Time: 1:00 p.m. EDT

End Time: 2:00 p.m. EDT

Joshua R. Goodman will speak on the panel “Environmental & Toxic Tort - Contamination Examination: Groundwater and Soil Contamination Claims” at the 2022 CLM Focus: November. Joshua will present with Jeremy Jones of Young & Associates and Baoling Wang of Crawford Global Technical Services.

The panel will discuss the general types of contamination and their related issues and highlight the unique issues related to statutory and regulatory concerns and possible issues related to policy language. Panelists will also explore the environmental impact of contaminants and the migration of contaminants with various types of soil and subsurface. Panelists will then present remediation methods and review legal issues arising from soil and groundwater contamination.
