

Patent and Trade Secret Issues: To Patent or Not to Patent; Trends and the Need for Insurance; Protecting Trade Secrets During Litigation; and Modern Trends in Trade Secret Valuation

Location

Webinar.

Date & Time

Start Date: 05/26/2021

Start Time: 12:30 pm

End Time: 2:00 pm EDT

Jim Gale will be presenting a webinar on patent protection and trade secrets with the advantages and drawbacks of the two protection schemes for software and considerations for how to select between the two regimes. Litigation may require the disclosure of trade secret information. This can be true even if the litigation does not involve assertions of trade secret misappropriation. To avoid inadvertent disclosure of trade secret information, care must be taken at all stages of a litigation. This presentation will discuss best practices for managing trade secret information during litigation.
