

Hot Wheels: Tips & Strategies for Successfully Subrogating Vehicle Product Liability Claims

Location

Webinar

Date & Time

Start Date: 04/23/2020

Start Time: 3:15pm

End Date: 04/23/2020

End Time: 4:15pm

[Sarah Earle Killeen](#) and [Jake Skaggs](#) will present at the NASP 2020 Spring Conference on Thursday, April 23. Due to COVID-19, this event will now be virtual. Individuals can register for Sarah and Jake's webinar session, [here](#). The title of their presentation is, "Hot Wheels: Tips & Strategies for Successfully Subrogating Vehicle Product Liability Claims."

Through the use of real-world evidence, Sarah and Jake will discuss vehicle defects resulting in fires, wheel/hub separations, and unintended acceleration. They will show how to use resources available through NHTSA and other government documents (including recall information) and provide specific strategies and techniques to use in pursuing recovery.
